# Flood Mitigation Program and Sales Tax Funding

## **History and Purpose**

The lowa General Assembly created the <u>Flood Mitigation Program</u> in <u>2012</u>. The Program provides a funding source to finance flood mitigation projects undertaken by approved local governments. The primary funding source established is a diversion of State sales tax revenue from the State General Fund to the approved local governments. The <u>lowa Flood Mitigation Board</u> manages the Program.

The lowa Department of Revenue provides assistance in determining the amount of funding available to each of the approved local governments. The amount of funding available each quarter is determined by comparing the retail sales within a specific geographic area in a given quarter to the amount of retail sales in that same area for that same quarter in a base year. The calculated State sales tax from the retail sales growth is available to the local governments for flood mitigation finance. Local governments are permitted to issue bonds that will be repaid with the sales tax revenue made available under the Program.

The Board is allowed to approve sales tax funding for local government projects that totals no more than \$30.0 million per year. A local government is allowed to receive sales tax revenue for flood mitigation for up to 20 years after the local government's project was approved by the Board. No local government is allowed to receive more than \$15.0 million in sales tax revenue under the Program in any one fiscal year. The first quarterly sales from which sales tax revenue growth could be calculated and transferred for the Program was the third quarter of FY 2014.

Table 1  Flood Mitigation Funding Summary  In Millions												
	Ap	proved										
	Sa	les Tax	Sales Tax	Total								
Local	Fur	nding, in	Funding	Fι	Funds, All		Budgeted					
Government	N	lillions	Time Frame	_ 9	Sources		Debt					
Burlington	\$	26.2	2016-2033	\$	64.2	\$	0.8					
Cedar Falls		6.6	2014-2018		13.3		0.0					
Cedar Rapids		269.4	2014-2033		576.1		0.0					
Coralville		9.8	2014-2034		23.5		0.0					
Council Bluffs		57.0	2015-2034		114.0		0.0					
Des Moines *		111.1	2016-2035		308.6		0.0					
Dubuque		98.5	2014-2033		200.9		28.8					
Iowa City		8.5	2014-2021		63.4		6.0					
Storm Lake		4.1	2015-2033		8.2		3.1					
Waverly		5.6	2014-2025		11.3		9.1					
	\$	596.8		\$	1,383.5	\$	47.8					

<sup>&</sup>lt;sup>1</sup> For nine cities, the geographic area for the increment calculation is the entire city. For the Des Moines/Metropolitan Wastewater Reclamation Authority, the geographic area encompasses Des Moines and many surrounding cities.
<sup>2</sup> Division VI of <u>HF 2459</u> (FY 2017 Standing Appropriations Act) granted the Board authority to extend the 20-year funding limit under specified circumstances.

#### **More Information**

Iowa Flood Mitigation Board: <a href="https://homelandsecurity.iowa.gov/about">homelandsecurity.iowa.gov/about</a> HSEMD/flood mitigation board.html

LSA Staff Contact:Jeff W. Robinson (515.281.4614) <a href="mailto:jeff.robinson@legis.iowa.gov">jeff.robinson@legis.iowa.gov</a>

The Board has approved a total of \$596.8 million in sales tax funding for the projects of 10 approved local governments. The funding schedule runs from FY 2014 through FY 2035. The total sales tax funding approved, sales tax time frame, total funds from all sources, and project debt are presented above in **Table 1**. **Table 1** reflects reports filed by the approved local governments through September 30, 2017. The reported debt column includes debt issued that is to be repaid with diverted sales tax revenue. Iowa Code section 418.14 authorizes the issuance of bonds that are to be repaid in whole or in part with the sales tax revenue authorized under the Program.

### **Current Budget Impact**

Sales tax funding of the Flood Mitigation Program negatively impacts the State General Fund revenue stream through periodic transfers from the State General Fund to the Sales Tax Increment Fund. The transfers to the Sales Tax Increment Fund decrease, dollar for dollar, State General Fund revenue for the year.

The first quarter eligible for increment calculations was the third quarter of FY 2014. For FY 2014 through the end of FY 2017, a total of \$78.9 million was transferred from the State General Fund to the Sales Tax Increment Fund. Of the \$78.9 million, a total of \$73.7 million was remitted to the 10 approved local governments, leaving a balance in the Sales Tax Increment Fund of \$5.2 million, as illustrated in **Table 2**.
